TONGUE BLESSING

Empowering blessing of speech by the Mahasiddha Kyungpo Neljor

I take refuge in the three jewels and will attain buddhahood to benefit beings. (3x)

I visualize myself in the form of the deity. On my tongue is an AH from which develops a moon seat. On this there is a white OM. Around this are the white vowels going clockwise and the red consonants going counter-clockwise and the blue mantra of the essence of dependent arising going clockwise.

Focus on these lying coiled like snakes and recite them.

OM A AH I IH U UH RI RIH LI LIH E EH O OH AM A SOHA. (3x)
OM KA KA GA GHA NGA. CHA CHA JA
JHA NYA. TA TA DA DHA NA. TA TA DA
DHA NA. PA PA BA BHA MA. YA RA LA
VA. SHA SHA SA HA KSHA SOHA. (3x)
OM YE DHARMA HETUN TRABHAWA.
HETUN TEKAN TATHAGATO EWAM DENTA.
TEKAN TSA YO NIRODHA. EWAM WADI
MAHA-SHRAMANAYE SOHA. (3x)

The light rays from the seed syllable and the mantra garlands hook the power of the mundane and supramundane empowering blessings of speech in the aspect of the excellent seven royal symbols and the eight auspicious signs. Due to the absorption of these, the mantra of the essence of dependent arising dissolves into the consonants, these dissolve into the vowels and these dissolve into the letter OM. This dissolves into the moon seat, this dissolves into the letter AH and this melts into reddish-white nectar. This dissolves into my tongue which transforms into the nature of the vajra.

The benefits of these contemplations are that they enable speech to become excellent, multiply expressed recitations ten million fold, prevent the power of mantras being stolen by eating and transform idle gossip into the recitation of mantras.

BLESSING FOR MORNING BATH

The dakini Metsigma instantaneously appears on my crown and anoints me with pure vase water. All my inner, outer and secret obstacles are purified.

OM ARAYAM CHIR KAM VIMANAYE UTSUMA
MAHAKRODHA HUM PHAT

The dakini on my crown dissolves into me and blesses me.

FOOD OFFERING

OM AH HUNG
(HA HO HRIH HA HO HRIH HA HO HRIH)

All faults of color, smell and potentiality are purified, transformed and multiplied into ocean of nectar.

I and my circle, throughout all of our lives, may we never be separated from the protection of the three precious jewels. By continuously making offerings to the three precious jewels, may their blessings be obtained. Buddha, the peerless master, dharma, the peerless protector, sangha, the peerless helper, we make these offerings to the three precious protectors.

Great and powerful golden ground

OM BENZA REKHE AH HUNG

At the edge the iron fence stands around the outer circle. In the center Mt. Meru, the king of mountains, around which are four continents: in the east, Purvavideha; in the south, Jambudipa; in the west, Aparagodaniya; in the north, Uttarakuru. Each has two sub-continents: Deha and Videha, Tsamara and Abatsamara, Satha and Uttaramantrina, Kurava and Kaurava. The mountain of jewels, the wish-granting tree, the wish-granting cow and the harvest unsown. The precious wheel, the precious jewel, the precious queen, the precious minister, the precious elephant, the precious supreme horse, the precious general and the great treasure vase. The goddess of beauty, the goddess of garlands, the goddess of music, the goddess of dance, the goddess of flowers, the goddess of incense, the goddess of light and the goddess of scent. The sun and the moon, the precious umbrella, the banner of victory in every direction. In the center all treasures of gods and men, an excellent collection with nothing left out. I offer this to you my kind root guru and lineage gurus, to all of you sacred and glorious gurus; and especially to you, great lama Lobsang Tubwang Dorjechang, together with your retinues. Please accept with compassion for migrating beings and having accepted, out of your great compassion, please bestow your blessings on all sentient beings pervading space.

THE HEART SUTRA

Thus I have heard: Avalokitesvara bodhisattva practiced deep highest perfect wisdom. When perceived the five fields of consciousness all empty, relieved every suffering.

Sariputra, form is not different from emptiness. Emptiness not different from form. Form is the emptiness. Emptiness is the form. Sensation, recognition, conceptualization, consciousness, also like this.

Sariputra, this is the original character of everything: not born, not annihilated, not tainted, not pure, does not increase, does not decrease. Therefore in emptiness no form, no sensation, no recognition, no conceptualization, no consciousness. No eye, no ear, no nose, no tongue, no body, no mind; no color, no sound, no smell, no taste, no touch, no object of touch; no eye, no world of eyes until we come to also no world of consciousness; no ignorance, also no ending of ignorance, all the way through to old age and death. Also no ending of old age and death.

No suffering, no cause of suffering, no nirvana, no path; no wisdom, also no attainment because no non-attainment. Every bodhisattva depends on highest perfect wisdom because mind meets no obstacle. Because of no obstacle no fear's born. Gone beyond all topsy - turvey absolutes attain nirvana. Past, present and future every buddha depends on highest perfect wisdom, therefore attain supreme, perfect enlightenment.

Therefore, I know highest perfect wisdom is the great holy mantra, the great untainted mantra, the supreme mantra, the incomparable mantra, is capable of assuaging all suffering. True because not false. Therefore he proclaimed highest perfect wisdom mantra and proclaimed mantra says Tayatha Gate Gate Paragate Parasamgate Bodhi Soha. O Sariputra this is how a bodhisattva-mahasattva comes to know the highest perfect wisdom.

Then Buddha praised the Noble Avalokitesvara, "Excellent, excellent! highest perfect wisdom's accomplished exactly like that!" (continue with: KA LA CHÖ PEI, p. 16)

PRAYER TO THE NOBLE TARA

I take refuge in Buddha, Dharma, Sangha and Tara.
May I reach enlightenment for the benefit of all. (3x)

May all beings have happiness
May they be free from suffering
May they find the joy that has never known suffering
May they be freed from attachment and hatred.

In the space before me appears a white lotus. Upon it is a moon cushion and upon that, the love and compassion of all the enlightened appear as the seed syllable  TAM. Light radiates from the  TAM and transforms into the Noble Wish-fulfilling Tara. She sits on the lotus and moon with a luminous aura surrounding her. Youthful and radiant, her right hand gestures an invitation to liberation. Her left hand indicates the three jewels, giving courage and assurance to those dominated by fears.

At her crown is a white  OM,
at her throat a red  AH,
at her heart is the white  TAM
marked by a blue  HUM.

Light radiates from the syllables, inviting the wisdom beings and empowering deities. The wisdom beings unite inseparably with Tara. The empowering deities anoint her, confer initiation and with the overflowing nectar a Buddha of Infinite Life appears on her crown.

I bow down in body speech and mind.
I offer the best I have to give,
both real and imagined to fill the space between us.
I regret and purify all transgressions.

I rejoice in all virtues.
I request you to remain until total enlightenment.
I request wise and compassionate guidance.
I dedicate my merit for the sake of all beings.

Brilliant light emanates from the syllable [†]. TAM within her heart, reaching infinite universes and collecting back the essence of inexhaustible vitality and the powerful blessings of wisdom mind.

The energy streams forth from Tara's heart and body and I completely absorb this nectar of light, cleansing and revitalizing my body speech and mind.

OM TARE TUTTARE TURE SOHA

If forseeing signs of premature death, by consistently practicing the path of Noble Tara, may I become a vessel worthy of receiving the powerful blessings of immortality.

By this virtue may I quickly attain the essence of Noble Tara and secure every being without exception in that state.

PRAYER TO THE NOBLE COMPASSIONATE ONE

I take refuge in Buddha, Dharma and Sangha until enlightenment. By practicing generosity and other positive actions may I attain enlightenment for the benefit of all beings.

May all beings have happiness.

May they be free from suffering.

May they have the joy that has never known suffering.

May they be free from attachment and hatred.

OM SVABHAVASHUDDHAH SARVADHARMAH
SVABHAVA SHUDDHO HAM

Within the sphere of emptiness appears a white lotus. Above it is a moon disc and upon that, the love and compassion of the enlightened appear as the seed syllable HRIH. Light radiates from the HRIH transforms and purifies the environment and its inhabitants. The light makes offerings to the enlightened, gathers their blessings and dissolves back.

The HRIH transforms into the Noble Compassionate One, with one face and four arms. The first two arms are folded at the heart, holding a jewel symbolizing wish fulfillment for all beings. The second right arm holds a crystal rosary, representing the liberation of countless beings and the second left arm holds a white lotus, signifying purity. The Compassionate One is adorned with jeweled ornaments and flowing silk. Youthful, majestic, with magnetic beauty, he has the syllables OM at the crown AH at the throat and HUM at the heart. Light radiates from the syllable HUM inviting the wisdom beings and empowering deities. The wisdom beings dissolve to the Compassionate One.

DZA HUNG BAM HO. The empowering deities anoint him, confer initiation and with the overflowing nectar a buddha appears on his crown.

Your stainless white body is without fault. A buddha adorns

you. Your loving gaze never wavers from beings, especially those who suffer most. I honor your qualities and aspire to gain them.

Compassionate One, I bow to you.

I present offerings, both actually arranged and mentally created.

I purify all deluded activity.

I rejoice in all pure activity.

Please remain until total enlightenment.

Bestow wise and compassionate guidance.

I dedicate my merit for the benefit of all beings.

O Noble Compassionate One, I and all beings pray that you never cease to protect, guide and care for us. Please protect us at the moment of death in our great fear of the unknown and the fearful narrow passage of the bardo. Free us from rebirths of suffering and lead us to perfect freedom.

OM MANI PEME HUNG

By the virtue of this practice, may I quickly attain the noble, compassionate state and lead all beings to ultimate freedom. At first glimpse of the bardo may I be led by the eight noble guardians to magnificent rebirth in the pure land. May I be able to share this exalted path with others.

I dedicate these virtues to bring peace in the world, to eradicate natural disaster and assure positive rebirth. May all beings be led to enlightenment.

9. NÄ LUK TOK PEY SHE RAB MI DEN NA

11. NANG WA TEN DREL LU WA ME PA DANG

Interdependent appearance—infallible.

3. SHIN TU PAK PAR KAR WA GYAL WAI YUM

I prostrate before your feet, Nagarjuna and Asanga, embellishments of our southern continent. Highly famed throughout the three realms, you have commented on the most difficult to fathom “mother of the buddhas” according to exactly what was intended.

4. SHIN TA CHEN PO NYI LE LEK GYÜ PAI

I bow to Dipamkara (Atisha), holder of a treasure of instructions. All the complete, unmistakable points concerning the paths of profound view and widespread action, transmitted intact from these two great forerunners, can be included within it.

5. RAB JAM SUNG RAB KÜN LA TA WEY MIG
 KEL SANG THAR PAR DRÖ PEY JUK NGOG CHOG
 TSE WAI CHÖ PEY THAB KE DZE PA YI
 SEL DZE SHE NYEN NAM LA GÜ CHAG TSEL

Respectfully, I prostrate before my own (two) spiritual masters. You are the eyes allowing (disciples) to behold all of the infinite scriptural pronouncements, the best ford for those of good fortune to cross to liberation. You make everything clear through your skillful deeds which are moved by intense loving concern.

6. DZAM LING KE PA YONG KYI TSUK GI GYEN

The stages of the path to enlightenment have been transmitted intact by those who have followed in order, both from Nagarjuna and Asanga, those crowning jewels of all erudite masters of our southern continent and the banner of whose fame stands out above the masses. As (following these stages) can fulfill every desirable aim of all nine kinds of beings, they are a power granting king of precious instruction. Because they collect the streams of thousands of excellent classics, they are indeed an ocean of illustrious, correct explanation.

7. TEN PA THAM CHE GAL ME TOK PA DANG

 DE CHIR GYA BÖ KHE PEY KYE BO NI
 KAL DEN DU ME TEN PEY DAM PA CHOK
 KYE BU SUM GYI LAM GYI RIM PA YI
 YI RAB MI TROK CHÖ DEN SU ZHIK YÖ

(Atisha's text) makes it (easy) to understand how there is nothing incompatible in all (Buddha's) teachings and makes every scriptural pronouncement, without exception, dawn on your mind as a personal guideline. It makes it easy to discover what Buddha intended and protects you as well from the abyss of "the great mistake." Because of these (four benefits), what discriminating person among the erudite masters of India and Tibet will not have his or her mind be completely taken by these stages of the path (arranged) according to three levels of motivation, the supreme instructions to which many fortunate ones have devoted themselves.

8. SUNG RAB KÜN GYI NYING PO DU DU WA
 TSÜL DI THÜN RE TONG DANG NYEN PE KYANG
 DAM CHÖ CHE DANG THÖ PEY PHEN YÖN TSOK
 LAB CHEN DÜ BAR NGE PE DE DÖN SAM

Although (there is much merit to be gained from) listening to or reciting even once this brief manner (of Atisha's text) in which can be included the essential points of all the scriptural pronouncements, yet it is certain that you will amass even greater waves of beneficial collections from actually teaching and studying the sacred dharma (contained within). Therefore you should consider the points (for doing this properly).

9. DE NE DI CHIR LE TSOK JI NYE PEY
 TEN DREL LEK PAR DRIK PEY TSA WA NI
 LAM TÖN SHE NYEN DAM PA BE PA YI

 KAR ZHIN DRUB PEY CHÖ SAM NYE PAR CHE
 NAL JOR NGE KYANG NYAM LEN DE TAR GYI
 THAR DÖ KYE KYANG DE ZHIN KYANG TSAL LO

Then after (having taken refuge), you should see that the root cause excellently propitious for as great a mass of good fortune as possible for this and future lives is proper, zealous devotion in thoughts and actions to your sacred guru who shows you the path (to enlightenment). Thus you should please him by offering your practice of exactly what he says, which you would not forsake even at the cost of your life. I, the yogi, have practiced just that. If you would also seek liberation, please cultivate yourself in the same way.

10. DAL WEY TEN DI YI ZHIN NOR LE LHAK

 NAL JOR NGE KYANG NYAM LEN DE TAR GYI
 THAR DÖ KYE KYANG DE ZHIN KYANG TSAL LO

This working basis (of a human form endowed) with liberties is superior to a wish granting gem. Moreover, such is only obtained this very one time. Difficult to acquire and easily lost, (it passes in a flash) like lightning in the sky. Considering how (easily this can happen at any time) and realizing that all worldly activities are as (immaterial as) chaff, you must try to take advantage of its essential significance at all times, day and night. I, the yogi, have practiced in the same way.

11. SHI NE NGEN DROR MI KYE DENG ME CHING
DE YI JIK KYOB KÖN CHOK SUM DU NGE
DE CHIR KYAB DRO SHIN TU TEN PA DANG
DE YI LAB CHA NYAM PA ME PAR JA

DE YANG KAR NAK LE DRE LEK SAM NÄ
LANG DOR TSUL ZHIN DRUB LA RAK LE SO
NAL JOR NGE KYANG NYAM LEN DE TAR GYI
THAR DÖ KYE KYANG DE ZHIN KYANG TSAL LO

After death, there is no assurance that you will not be reborn in one of the three unfortunate states. Nevertheless, it is certain that the three jewels of refuge have the power to protect you from their terrors. For this reason, your taking of refuge should be extremely solid and you should follow its advice without ever letting (your commitments) weaken. Moreover, (your success in) so doing depends on your considering thoroughly which are the black or the white karmic actions together with their results and then living according to the guides of what is to be adopted or rejected. I, the yogi, have practiced just that. If you would also seek liberation, please cultivate yourself in the same way.

12. LAM CHOK DRUB LA TSEN NYI TSANG WAI TEN
MA NYE PAR DU SA CHÖ MI ONG WE
DE YI MA TSANG ME PEY GYU LA LAB

LHAK PAR LE DRIB JONG WA NE CHE WE

THAR DÖ KYE KYANG DE ZHIN KYANG TSAL LO

The fullest strides (of progress) in actualizing the supreme paths will not come about unless you have attained a working basis (of an ideal human body) that is complete with (all eight ripened favorable) qualities.

Therefore you must train in the causal (virtuous actions) that will preclude (your attainment of such a form) from being incomplete. (Furthermore) as it is extremely essential to cleanse away the stains of black karmic debts and downfalls (from broken vows) tarnishing the three gateways (of your body, speech and mind) and especially (to remove) your karmic obstacles (which would prevent such a rebirth), you should cherish continually devoting yourself to (applying) the complete set of four opponent powers (which can purge you of them). I, the yogi, have practiced just that. If you would also seek liberation, please cultivate yourself in the same way.

If you do not make an effort to think about true sufferings and their drawbacks, you will not properly develop a keen interest to work for liberation. If you do not consider the stages whereby (true) origins of all suffering place and keep you in cyclic existence, you will not know the means for cutting the root of this vicious circle. Therefore you should cherish exuding total disgust and renunciation of such existence, while knowing which factors bind you to its wheel. I, the yogi, have practiced just that. If you would also seek liberation, please cultivate yourself in the same way.

Ever-enhancing your enlightened motive of bodhicitta is the mainstay for the supreme vehicle's path. It is the basis and foundation for great waves of (altruistic) conduct (to bring you to enlightenment).

Like a gold-making elixir, (it turns) everything (you do) into the two collections, (building up) a treasure of merit gathered from infinitely collected virtues. Knowing this, the bodhisattvas have held this supreme precious mind as their innermost mental bond. I, the yogi, have practiced just that. If you would also seek liberation, please cultivate yourself in the same way.

Generosity is the wish-granting gem by which you can fulfill the hopes of sentient beings. It is the best weapon for cutting the knot of miserliness. It is the (altruistic) conduct which enhances your self-confidence and undaunted courage (to help everyone towards enlightenment). It is the basis for your good reputation to be proclaimed in the ten directions.

Knowing this, the wise have devoted themselves to the excellent path of completely giving away their body, possessions and merit. I, the yogi, have practiced just that. If you would also seek liberation, please cultivate yourself in the same way.

Moral discipline is the water to wash away the stains of faulty actions. It is the ray of moonlight to cool the scorching heat of the delusions. (It makes you) radiant like a Mount Meru in the midst of the nine kinds of beings. By its power, you are able to bend all beings (to your good influence) without (recourse to) mesmerizing glares. Knowing this, the holy ones have safeguarded, as they would their eyes, the rules they have accepted (to keep) purely. I, the yogi, have practiced just that. If you would also seek liberation, please cultivate yourself in the same way.

Patience is the best adornment (to wear) for those with power and the perfect ascetic practice for those tormented by delusions. It is the high-soaring eagle as the enemy of the snake of anger and the thickest armor against the weapons of abusive language.

Knowing this, (the wise) have accustomed themselves in various ways and forms to the armor of supreme patience. I, the yogi, have practiced just that. If you would also seek liberation, please cultivate yourself in the same way.

Once you wear the armor of resolute and irreversible enthusiastic perseverance, your expertise in the scriptures and insights will increase like the waxing moon. You will make all your actions meaningful (for attaining enlightenment) and will bring whatever you undertake to its intended conclusion. Knowing this, the bodhisattvas have exerted great waves of joyous effort, washing away all laziness. I, the yogi, have practiced just that. If you would also seek liberation, please cultivate yourself in the same way.

Meditative concentration is the king wielding power over the mind. If you fix it (on one point), it remains there immovable like mighty Mount Meru. If you project it, it can permeate any virtuous object (at will). It leads to the great exhilarating bliss of having your body and mind be applicable (to any virtuous task). Knowing this, the yogis of (mental) control have devoted themselves continuously to single-minded concentration which overcomes the enemies of mental wandering (and dullness). I, the yogi, have practiced just that. If you would also seek liberation, please cultivate yourself in the same way.

Discriminating awareness is the eye with which to behold profound voidness and the path by which to uproot (ignorance). The source of cyclic existence is the treasure of genius praised in all the scriptural pronouncements and is renowned as the supreme lamp that eliminates the darkness of closed-mindedness. Knowing this, the wise who have wished liberation have advanced

themselves along this path with every effort. I, the yogi, have practiced just that. If you would also seek liberation, please cultivate yourself in the same way.

In (a state of) merely single-pointed meditative concentration, you do not have the insight (which gives you) the ability to cut the root of cyclic existence. Moreover, devoid of a path of mental quiescence, discriminating awareness (by itself) cannot turn back the delusions, no matter how much you analyze them. Therefore, on the horse of unwavering mental quiescence, (the masters) have mounted the discriminating awareness that is totally decisive about how things exist. Then with the sharp weapon of the middle path logic, devoid of extremes, they have used wide-ranging discriminating awareness to analyze properly and destroy all underlying supports for their (cognitions) aimed at grasping for extremes. In this way they have expanded their intelligence which has realized voidness. I, the yogi, have practiced just that. If you would also seek liberation, please cultivate yourself in the same way.

THAR DÖ KYE KYANG DE ZHIN KYANG TSAL LO

Once you have achieved single minded concentration, through accustoming yourself to single-pointedness of mind your examination then of individual phenomena with a proper analysis should itself enhance your single-minded concentration. Settle extremely firmly, without any wavering, on the actual way in which all things exist. Seeing this the zealous have marvelled at the attainment of a union of mental quiescence and penetrative insight. Is there need to mention that you should pray (to attain one as well)? I, the yogi, have practiced just that. If you would also seek liberation, please cultivate yourself in the same way.

(Having achieved such a union) you should meditate both on space-like voidness while completely absorbed (in your meditation sessions) and on illusion-like voidness when you subsequently arise. By doing this you will, through your union of methods and awareness, become praised as someone perfecting the bodhisattvas' conduct. Realizing this, those with the good fortune (to have

attained enlightenment) have made it their custom never to be content with merely partial paths. I, the yogi, have practiced just that. If you would also seek liberation, please cultivate yourself in the same way.

(Renunciation, an enlightened motive and a correct view of voidness)are necessary in common for (achieving) supreme paths through either of the two mahayana vehicles of (practicing) causes (for enlightenment) or (simulating now) the results (you will achieve). Therefore once you have properly developed like this these (three principal) paths, you should rely on the skillful captain (of a fully qualified tantric master) as your protector and set out (on this latter, speedier vehicle) across the vast ocean of the (four) classes of tantra. Those who have (done so and) devoted themselves to his or her guideline instructions have made their attainment of (a human body with all) liberties and endowments have its full meaning (by achieving enlightenment in their very lives). I, the yogi, have practiced just that. If you would also seek liberation, please cultivate yourself in the same way.

In order to accustom this to my own mind and also to benefit others as well who have the good fortune (to meet with a true guru and be able to practice what he or she teaches), I have explained here in easily understandable words the complete path pleasing to the buddhas. I pray that the merit from this may cause all sentient beings never to be parted from these pure and excellent paths. I, the yogi, have offered prayers for just that. If you would also seek liberation, please offer prayers in the same way.

Vajrasattva Purification *(optional)*

On the crown of my head, on a lotus and moon seat, are
Vajrasattva and consort in union, their bodies white, each
with one face and two arms. He holds a vajra and bell, she
a chopper and skullbowl. He is adorned with six seals and
she with five. They sit in the vajra and lotus positions. On
his heart moon-disc, around a HUM, turns a mantra rosary,
sending down a stream of white nectar, cleansing me of all
sicknesses, interferences, negativities and obstacles.

OM VAJRASATTVA SAMAYA MANUPALAYA VAJRA SATTVA
TENÖ PA TITA DRIDHO ME BHAVA SUTOKAYO ME BHAVA
SUPOKAYO ME BHAVA ANURAKTO ME BHAVA SARVASIDDHI

KURU HUM HA HA HA HA HO, BHAGAVAN SARWA TATHAGATA
VAJRA MA ME MUNTZA VAJRA BHAVA MAHASAMAYA SATTVA
AH HUM PHAT.

Vajrasattva and consort dissolve into me and my body, speech
and mind becomes inseparable from Vajrasattva.

The General Confession (*optional*)

Alas! Oh guru Vajradhara and all the buddhas abiding in the ten directions, bodhisattvas and sangha, please heed me. I _____, in all my lives from the beginningless beginning until now, being under the power of negative emotions, obsessions, hatred and ego, have committed the ten negativities by my body speech and mind. I have committed the five major and minor heinous crimes. I have broken my self-liberation vows, my bodhisattva vows and my vajrayana vows. I have been disrespectful to my parents, abbots, ordination masters and companions. I have done harmful actions to the three jewels and living beings, abandoned dharma, disparaged sangha and so on. I have accumulated non-virtuous actions and encouraged others and rejoiced when they did and so forth. In brief, whatever actions may prevent my gaining a better rebirth or liberation and make me take a lesser rebirth and remain in samsara, all this I admit, purify, do not conceal and reveal before the buddhas living in the ten directions, such as guru Vajradhara and the bodhisattvas. In the future I shall refrain from committing negative actions. I will not reach happiness and remain there unless I purify them now.

Om Svasti!

May the sublime goodness of the life-guarding buddhas prevail;
Especially Amitayus, who blazes with marks and signs of glory;
Tara, the wish fulfilling wheel, in nature supreme great bliss;
And Ushnisha Vijaya, who brings victory over all maras.

In the wondrous mansion of dharma transmissions and realizations
You are empowered with the treasury of a million precious lineages.
O spiritual friend who transmits the sublime Ganden teachings,
You are a sun shining with the light of oral instructions.

Friend of the flowers in the lotus garden of sublime ways,
A sun amongst buddhas who show the ways, may you live for long.

In brief, the lineage of the second buddha
Tsong Khapa and his disciples,
Is an offering tree made of pure refined gold.
May you live for long, that through your enlightenment deeds,
You may carry this legacy from high to higher.

Through the truth and blessings of the unfailing three jewels,
The unceasing strength of interconnected cause and effect,
And the powers of the pure universal aspirations,
May all the signs of goodness and glory blaze on high,
And the themes of this prayer be spontaneously fulfilled.

May my venerable lama's life be firm,
His white divine actions spread in the ten directions,
And the torch of Lozang's teachings, dispelling
The three world's beings' darkness, always remain.

This prayer for the long life of Kyapchok Ngawang Gelek Tulku of Mar, Kham, a lord of Buddhist learning and practice, was composed by Ribur Rinpoche. It may be poor in terms of literary composition, but it arose from a swelling ocean of the milk of my sincere concern. Therefore I request that you (Gehlek Tulku and his disciples) accept it with pleasure and that thereby Rinpoche's life may be long and his enlightenment activities successful. Such is the quintessential appeal of this old man.

Homage to swift Lokeshvara!

O Great Mahakala! You wear a tiger skin!

Your ankleted feet trample an obstructor!
 Your six arms are adorned with snakelets;
 Your rights hold chopper and rosary
 And fiercely rattle a damaru drum!
 The lefts hold a skull bowl and a trident
 And a noose with which you bind all demons!

 Your face is fierce, you gnash your fangs!
 Your three eyes bulge, your hair burns upward!
 Forehead anointed with red lead powder,
 Your crown is sealed with Akshobhya buddha!
 Your garland, fifty blood-soaked human heads,
 Your diadem, five bejeweled human skulls!

 Come here from your heaven, accept my cake!
 I bow to you, glorious six-armed one!
 Fiercely guard the buddha teaching!
 Fiercely praise the exalted jewels!

 We teachers, disciples and associates –
 Wipe out our obstacles and bad conditions,
 Quickly grant us the attainments we desire!

HUNG!! In the southern direction seven stages below the earth
is the black Lord of Death, the Yama who thirsts for life.
On a black buffalo as seat appeared YA,
from which arose a club marked by a skull.
This became the Dharma King
having the face of a furious buffalo,
ravenous mouth stretched open, fangs bared,
eyes fearsome and bloodshot,
and orange hair streaming upwards.
He holds a noose in his left hand to bind enemies and interferers,
and a club in his right to pound them to dust.
O Dharma King and hosts of Yamas,
and Camundi, the mighty ogress

holding a trident and skull-cup of blood,
for all of you and all of your servants the time has come.
Accept as offering this ocean-like torma
of human flesh, blood and grease.
Because of the commitments prescribed by the Victor,
and out of your great compassion,
quickly liberate [us from] all enemies and interferers.
Enemies who hate and interferers who harm,
evil beings who hinder – seize, bind and tie them tight;
summon, drag and enslave them;
slay, expel and petrify them;
dismember, trample and bite them;
subdue, destroy and demolish them;
leave not even an atom.

The slightest stamp of your bowman's feet
Destroys the world with its four prime elements!
Your intensely fierce buffalo face blazes intensely,
Your great roar fills the three realm universe!
Lord Yamantaka, terrible form that tames all evil,
Manifest by Manjushri, sole father of buddhas,
I bow reverently to you!

Now I praise you, Yamaraja –

It's time for every devil to watch out!
Ever sounding the great roar
That shatters mountains and churns up oceans,
Dense fierce flame mass amid billowing black smoke
Like lightning flashing in a thunderhead,
Your head radiates unbearable heat!

Surrounded with halos of rainbow light;
Upon a triangle, blackened as if by a million fogs,
Filled with a swirling ocean of blood and fat,
Standing on a black ogre prostrate on a solar disk,
There you are, O Yamaraja!

Your short, thick body black as kohl,
Right leg outstretched, left drawn up,
In the stance that shakes the earth,
Your hair flaming up earthly yellow,
Adorned with five-skull diadem,
Your crown is adorned with the fiercest vajra bolt!
Necklaced with bloody, freshly-severed head garland,
Your three eyes flash and bulge and dart about,
Your mouth gapes with sharp fangs gnashing,
Its breath panting constantly with poisonous snake vapors!
Your right hand brandishes the blazing chopper knife
To mince the brains of the demon host,
Your left hand fondles the bloody skull bowl,
Your tiger-skin skirt shows the power of your fury!

Swiftly recall your vow to lord Yamantaka!
Never waver, never waver.
Accomplish all that I the yogini do command!

More, let all your host of great white, yellow, red, black Yamas,
buffalo faces furious, wild, adorned with death-ground
ornaments, mouths ablaze, eyes bloodshot, boldly mounted
with warrior's stance,
Atop fierce buffaloes with piercing horns and razor throats,

Conquer the host of devils spread out in the four directions!

May the vajra thunder of my praise
Accomplish all deeds of peace, growth, power and terror!
'Til I attain, for the sake of beings as infinite as space,
The supreme state of world-famed Manjughosha,
Always praised by all the buddhas!
So long may Dharmaraja with your yama host
Respectfully follow Yamantaka's command!
Effectively conquer the dark-side armies who always struggle
To steal our supreme treasure – the reality path!

EIGHT MAHAYANA PRECEPTS

(First recite Jewel Heart Prayers and offer a short mandala)

Refuge and Bodhimind

All the buddhas and bodhisattvas of the ten directions, with your divine wisdom, please pay attention to me.

As the previous tathagatas, the arhats, the fully enlightened buddhas, like a divine, skillful, wise horse, like a great elephant, did what had to be done, accomplished all tasks, overcame the burden of the five aggregates controlled by delusions and karma, fulfilled all their aspirations by relinquishing their attachments, by speaking immaculately divine words and by liberating the minds of all from the bondage of subtle delusions' impression and who possess great liberated transcendental wisdom, for the sake of all that lives in order to benefit all, in order to prevent famine, in order to prevent mental and physical sickness, in order for living beings to complete the 37 dharmas of enlightenment and achieve the state

of fully completed buddhahood, I whose name is _____ from now until sunrise tomorrow, will take the eight mahayana precepts, just as you have done.

From now on I shall not kill, nor steal others' possessions, nor engage in sexual conduct, nor lie. I shall avoid intoxicants from which many mistakes arise. I shall not sit on large, expensive beds, I shall not eat food at the wrong time. I shall avoid (unnecessary) singing, dancing, playing music and I shall not wear perfumes, rosaries or ornaments. As arhats have avoided wrong actions such as taking the lives of others, I shall also avoid such actions as taking the lives of others. May I quickly obtain enlightenment and may the living beings who are experiencing the various sufferings be released from the ocean of samsara.

Mantra Recitation

OM AMOGA SHILA SAMBHARA BHARA BHARA MAHA
SHUDDHA SATO PEMA BIBHUKETA BHUZA DHARA DHARA
SAMANTA AVALOKITE HUNG PE SOHA

May the paramita of moral conduct be completed by keeping the law of moral conduct purely and untainted by pride.

May I receive the bodhicitta that has not yet been received and may the bodhicitta that has been received be increased.

Due to the merit of taking ordination and keeping the precepts, may I and all sentient beings achieve the two enlightened holy bodies (rupa and dharmakaya) which are created by the accumulation of fortune and transcendental wisdom.

The noble Jampal has completely destroyed wrong conception of self-existence, is brave in working for sentient beings and realized absolute nature as it is. The noble bodhisattva Kuntu Zang Po is skillful in the way of dedicating merit for enlightenment by possessing, as bodhisattva Jampal, the non-superstitious wisdom realizing the emptiness of the three circles as it is. With the wish to follow the path as did those sublime bodhisattvas, I will dedicate all merits I receive by making this prayer of noble action.

THE EIGHTEEN ROOT BODHICITTA VOWS

1. Praising yourself and belittling others because of your attachment to receiving offerings, being respected and venerated as a teacher and gaining profit in general.
2. Not giving material aid or teaching the dharma to those who are pained with suffering and without a protector because of your being under the influence of miserliness, wanting to amass knowledge for yourself alone.
3. Not listening to someone who has previously offended you but who declares his offense and begs forgiveness and holding a grudge against him.
4. Condemning the teachings of Buddha and teaching distorted views.
5. Taking offerings to the three jewels of refuge for yourself by such means as stealth, robbery or devious schemes.
6. Despising the Tripitaka and saying that these texts are not the teachings of Buddha.
7. Evicting monks from a monastery or casting them out of the sangha even if they have broken their vows, because of not forgiving them.
8. Committing any of the five heinous crimes of killing your mother, your father, an arhat, drawing blood intentionally from a buddha or causing division in the sangha by supporting and spreading sectarian views.

13. Encouraging people to abandon their vowed rules of moral conduct.
14. Causing others to hold the distorted views you might hold about the hinayana teachings, as well as belittling the hinayana teachings and saying that their practice does not lead to nirvana.
15. Practicing, supporting or teaching the dharma for financial profit and fame while saying that your motives are pure and that only others are pursuing dharma for such base aims.
16. Telling others, even though you may have very little or no understanding of shunyata, that if they obtain as profound an understanding as you have, that then they will become as great and as highly realized as you are.
17. Taking gifts from others and encouraging others to give you things originally intended as offerings to the three jewels of refuge.
18. Taking anything away from those monks who are practicing meditation and giving it to those who are merely reciting texts.

The forty-six auxiliary vows are to abandon the following actions:

1. Not making offerings every day to the three jewels of refuge with your body, speech and mind by making prostrations, offering praises and doing meditation on their good qualities in order to develop faith and confidence in them.
2. Following and acting out thoughts with which you desire to grasp and possess things because of discontent.
3. Not showing respect to older monks who may be bodhisattvas.
4. Not answering questions you are capable of answering.
5. Not accepting invitations from others because of either anger, wanting to hurt the other person's feelings: pride, considering yourself of too exalted a rank to be with more humble people: jealousy, thinking other people of more respected rank than yourself will look down on you if you are seen with humble people.
6. Not accepting gifts of money and so forth from others because of either anger, pride or jealousy.
7. Not teaching the dharma to those who wish to learn it.
8. Ignoring, not forgiving and not helping those who have broken their discipline of moral self-control.
9. Not teaching someone another aspect of the dharma which he wishes to learn and which you are qualified to teach, but which is not your own personal practice of interest.

10. Not committing one of the seven non-virtuous actions of the body and speech with a bodhicitta motivation, if circumstances deem it necessary, by saying that to do so would be against the vowed rules of moral conduct.
11. Not committing one of the seven non-virtuous actions of the body and speech with a bodhicitta motivation, if circumstances deem it necessary, because of a lack of compassion.
12. Accepting things from others who have obtained them by one of the five wrong livelihoods, namely flattery, extortion or blackmail, contrivance, bribery or deceit.
13. Having your main interest be in frivolous activities such as entertainment, sports, drinking, being silly and so forth, causing your mind to wander and you to waste your time limitlessly, which you could be using more constructively for the practice of dharma.
14. Holding an attitude of wishing to escape from samsara by yourself alone.
15. Not keeping these bodhicitta vows because you think this will make you unpopular.
16. If you have broken one of your vows because of defilements, not doing opponent virtuous actions assigned to you.
17. Still becoming angry, while you are practicing virtue and retaliating if you are hit, scolded, called a derogatory name or are the object of someone's anger.
18. Neglecting to help those who are angry with you.
19. Refusing to accept the apology of others who admit

they have wronged you.

20. Following and acting out thoughts of anger.
21. Gathering a circle of disciples and followers because you wish to obtain such things as profit, praise, love and security from them.
22. Not eliminating from yourself such obstacles as laziness, procrastination, delusions of incapability and wasting your time and energy on trivial matters of samsara.
23. Being addicted to frivolous talk and gossip about sex, drinks, drugs, sectarianism and so forth because of your attachment and desire for them.
24. Not making an effort to study the means for attaining single-minded concentration.
25. Not eliminating the distractions that block your meditation.
26. Seeing the exhilarating good feelings and other benefits you obtain from meditation as being ends in themselves and being attached to them.
27. Neglecting to study the hinayana teachings.
28. Turning to another means of practice when you already are following an effective means yourself, for this would be like changing teachers and vehicles in mid-stream once you are on a steady and sure course to enlightenment.
29. Spending all your time and energy on reading non-Buddhist teachings which, although permitted and even beneficial for enabling you to understand and help others, should not be pursued to the neglect of studying the dharma.

30. Favoring and becoming attached to non-Buddhist teachings even when merely reading about them.
31. Rejecting the mahayana teachings.

41. Not giving material aid to the poor and needy.
42. Not taking care of your circle of disciples, relatives, attendants and friends by giving them teachings and material aid.
43. Not encouraging and supporting the practice of dharma and the virtuous actions of others.
44. Not preventing those who are committing harmful actions in general and specifically those who are a menace to the dharma, from continuing their harm by whatever means are deemed necessary by circumstances.

46. If you possess extra-physical powers, not using them at a time of need.

There are four attitudes that must all be present in transgressing any vow for a vow to be broken completely. With the first attitude, you do not regard what you have done as being a mistake. With the second, you do not turn away from thinking to repeat this action. With the third, you rejoice and are happy about what you have done. And with the fourth attitude, being shameless and inconsiderate, you do not care about the consequences of your action for yourself and for others.

If you break any of these bodhicitta vows, you must invoke the four opponent powers by declaring your previously committed non-virtuous actions in order to avoid experiencing their black karmic consequences. Then you must retake the bodhicitta vows at an appropriate ceremony.
